Enriching Lives, Inspiring Ambitions

May 2022

Dear Parent/Carer

It is hard to believe that I am writing to you today with the arrangements for the final few weeks for our class of 2022. Our Year 11 students will commence their external exams on Monday, 16th of May 2022. Students have received an easy-to-read timetable, alongside their own individual one.

We have been so proud with how the students have conducted themselves over the past two years, especially with the extremely challenging conditions the pandemic brought. They have prepared well for these exams, we are confident that the hard work they have put in will be rewarded with the grades that they deserve.

To support the students over the final few weeks, we will be continuing with our normal timetable up until and including Monday 13th June. Following this date, students will not be expected in school unless they want to attend any last drop in revision sessions that staff are providing or they have an exam. All students are welcome to attend the revision sessions, these will take place the day before the subject exam. Most subjects will also be providing a pre-exam preparation session on the day of the exam. The aim of these sessions is to reassure, motivate and answer any final worries the students may have. Further details of the arrangements from the 13th June can be found on the attached table and details of the pre exam and drop in sessions are all on the school website, students have received the details of these today. [Pre Exam & Last Drop in Sessions.](#)

From Tuesday 14th June, there will be supervised study rooms available in school for students to come and use should they wish to continue to study in school. If students choose to use this facility, they must attend in full school uniform and ensure they have subject work to complete and revise from.

During the exams, students must ensure that they arrive in plenty of time, to ensure they have a calm and settled start to their exam. All students are provided with an exam equipment pack, these will be on their exam desks at the start of each exam. It is important that students ensure they have other equipment for the exams for example a calculator.

We appreciate that this period for both students and parents can be a very stressful one, we want to reiterate that we are here as a school should you require any extra support during this time. Our school website has a number of resources to help both students and parents and we would encourage you to visit the website. The link can be found here. [KS4 Resources](#)

Following the exam series, we are then looking forward to celebrating with the class of 2022 at Hotel Football. All year 11 students are invited to a leaver's assembly on the morning of Tuesday 28th June, details around the leavers assembly and the Prom have already been circulated and can be found on the school website.

I'm sure you will join me in wishing every student the very best of luck in the coming weeks. We know they have worked hard and we now hope they get the success and the grades that reflect the work they have put in. Thank you for your continued support.

Kind regards

Mrs Ryles-Dean
Headteacher
