

Moorside High School

Enriching Lives, Inspiring Ambitions

September 2022

Dear Parent/Carer

At Moorside High School we aim to provide the students with every opportunity to improve their outcomes and support them to achieve, so that they can successfully move on to their next chapter.

Demonstrating one of our school values of aspiration, we have produced a Year 11 intervention timetable which includes every session and opportunity available to Year 11 students, to help them in achieving their maximum potential, ahead of the Summer 2023 examinations.

To ensure students are able to attend sessions for all the subjects they study, we have split the sessions equally to fit in with our two week timetable. Core subjects will take priority for intervention in Week A and non-core subjects will take priority for intervention in Week B. If your child does not study any of the subject sessions in Week B, they are able to attend the core subject session available on that evening.

Following the results of the November mock series, we will be looking to introduce further intervention for Year 11, particularly in the core subject areas. These sessions will be targeted and invitation only. More details are to follow on this.

In order to get the maximum benefit from the sessions on offer, it is vital that the students show resilience and attend these sessions wherever possible. We would really appreciate your support in ensuring that your child has regular attendance to these sessions.

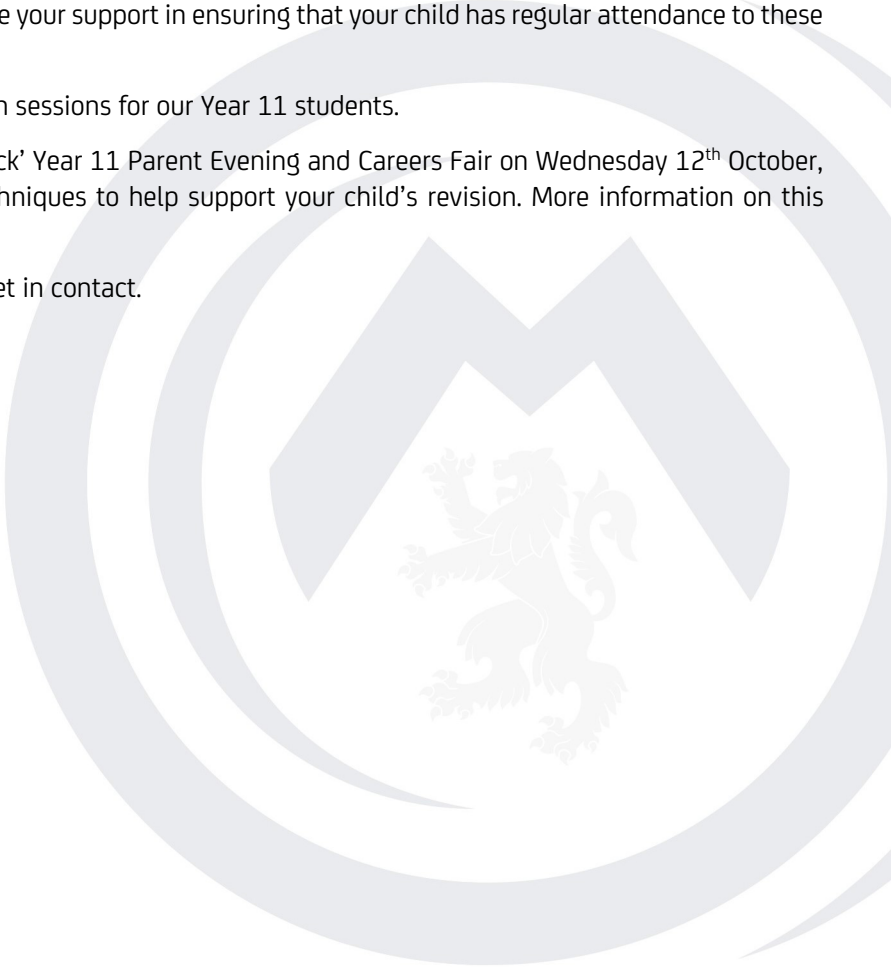

Please find attached below a timetable of intervention sessions for our Year 11 students.

We look forward to welcoming you at the 'Make it Stick' Year 11 Parent Evening and Careers Fair on Wednesday 12th October, where we will be sharing revision strategies and techniques to help support your child's revision. More information on this event will be provided next week.

If there are any questions, please do not hesitate to get in contact.

Yours faithfully

Miss Aitken
Raising Standards Leader KS4
