

Moorside High School

Enriching Lives, Inspiring Ambitions

September 2023

Dear Parent/Carer

At Moorside High School, we endeavour to provide pupils with support at every opportunity to improve their educational outcomes so that they can successfully move onto their next chapter.

As aspiration is one of our core school values, please find the enclosed 'Year 11 Intervention Timetable'. This document details every session available to Year 11 pupils to maximise their potential for success ahead of the Summer 2024 examinations.

To accommodate for supporting pupils to achieve success in each of the subjects they study, we have split the sessions equally to fit with our two-week timetable. In Week A, English, Maths and Science will take priority for intervention, whilst all other subjects will take priority in Week B. If your son or daughter does not study the subjects offered in Week B, they are welcome to attend the English, Maths or Science session in Week B as well.

Following the October half term and consultation with class teachers, we will be introducing further intervention for Year 11 including targeted sessions which will be provided on an invitation only basis. As Raising Standards Lead, part of my role will be to ensure pupils are attending the sessions which most meet their need to maximise their chances for success in every subject.

To truly benefit from the wide variety of sessions on offer, it is vital that pupils demonstrate resilience and attend every session available to them, where possible. We would really value your support in ensuring that your son or daughter has regular and punctual attendance to these sessions.

In addition to the subject-led sessions, pupils have the opportunity to attend before school sessions from 07:45-8:25am for 'Rise and Revise'. This session facilitates independent study where pupils can complete past exam questions to build up exam technique or receive support and guidance with varying revision methods.

In order to offer further support, we look forward to welcoming you at the 'Make it Stick' Year 11 Parent Evening and Careers Fair on Thursday 2nd November. During this evening we will share revision strategies and techniques to help your son or daughter get the best from their revision. More information on this event will be provided shortly.

If you have any questions, please do not hesitate to get in contact at MHS-info@consilium-at.com.

Yours faithfully

Miss Powell
Raising Standards Leader KS4
