National Careers Week: 4-8 March 2024

National Careers Week is here!

During careers week, there will be an additional focus on careers related learning in school. In addition, we have provided some additional resources that both pupils and parents might find useful when exploring careers at home:

xello

All pupils – from Year 7 to Year 11 – have access to an online career platform called “Xello”. This is an interactive resource which can help suggest careers or job areas that may interest pupils in the future based on their skills, interests and personality!

For pupils to log in to Xello:

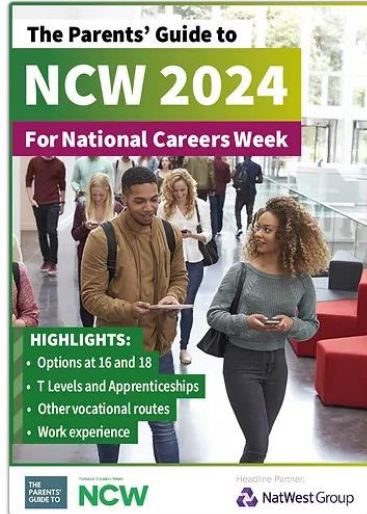

- 1) Visit the website: <https://gmacs.co.uk/schools>
- 2) Click the red “Log in” button on the right-hand side of the website
- 3) Username = pupils school email address (MHSforename.surname@consilium-at.com)
- 4) Password = moorside (if never logged on) If previously logged on, pupils will have chosen their own passwords.

Pupils should contact Mr Farmer for any difficulties with logging in, or email simon.farmer@consilium-at.com

Once logged in, pupils should complete the various different tasks and quizzes in the “About Me” section to see which career areas may be matched to them, and pupils can research various different job roles using the search function.

There is also a dedicated [careers page on our school website](#) –

Try the [“Explore by Career” page](#) to start researching different career areas!
