

Moorside High School

Enriching Lives, Inspiring Ambitions

12th December 2024

Dear Parents/Carers,

Year 9 Assessment Window: 20th January 2025 – 31st January 2025

As you are aware, the Year 9 assessments will take place during lesson time between Monday, 20th January 2025, and Friday, 31st January 2025. These assessments are a crucial part of your child's academic journey and will be based on content they have already covered in their lessons. A timetable for the assessments is attached to this letter, and students will also be provided with a hard copy and a revision list to support their preparation. For your convenience, an online version of the assessment timetable can be found [here](#), and the revision lists are also available [here](#). We encourage all students to engage in active and focused revision to help them achieve their potential during this assessment period. All students have received an assembly providing them with top tips on the best way to revise and practice recalling knowledge.

The information gained from these assessments will be invaluable in guiding the next steps in your child's learning. At Moorside High School, we are committed to scaffolding our teaching to meet the needs of all students. Analysing the data from these assessments will allow us to identify strengths and areas for development across the cohort. This assessment window also provides an excellent opportunity for students to reflect on their learning and think carefully about the course choices they may wish to pursue during Key Stage 4 (Year 10 & 11). These decisions are an important part of their journey, and we are here to guide and support them throughout the process.

As part of our commitment to keeping you informed about your child's progress, we will share a report of the results with you. This report will highlight how your child has performed and the key areas they should focus on to build a strong foundation for their future studies. We do not want any students to worry about these assessments, it is just a good opportunity to find out what they do not know, so we can support them in filling those gaps during the following months.

We value our partnership between school and home in supporting our students, if you have any questions about the upcoming assessments or would like advice on how best to support your child with their revision, please do not hesitate to contact us via email at MHSinfo@consilium-at.com

Thank you for your continued support.

Kind regards

Mr J Pinches

Assistant Headteacher
