16TH OCTOBER 2026

#Team Moorside Update

Moorside High School

Proud to be part of Consilium Academies

Mrs Ryles-Dean - Principal

Dear Parents and Carers,

I cannot believe that we are already heading into the final week of the first half term. The term has flown by, and I would like to take this opportunity to thank our students, staff, parents and carers for their continued support. It has been a fantastic start to the year, with high standards evident across the school. Students have settled well into routines and are engaging positively in their learning, demonstrating excellent attitudes both in lessons and around the school site.

As we look ahead to after half term, it will be an important period for our Year 11 students as they begin their mock examinations. We know they have been working hard in preparation, and we will continue to support them every step of the way as they work towards achieving their full potential.

There has also been plenty of learning beyond the classroom this week. Students in Years 7-10 took part in the impactful No More Knives Tour, encouraging important discussions around personal safety and making positive choices. We were also pleased to welcome Kooth.com, who delivered assemblies to students, helping to raise awareness of the mental health and wellbeing support available to young people.

Our students thoroughly enjoyed a live schools' broadcast exploring the Bayeux Tapestry. They were exceptionally well behaved, engaged and attentive throughout, learning about the different sections of the tapestry and how it tells the story of the events of 1066. The interactive session brought history to life and has provided students with valuable knowledge that they will be able to apply in their upcoming studies of the Normans.

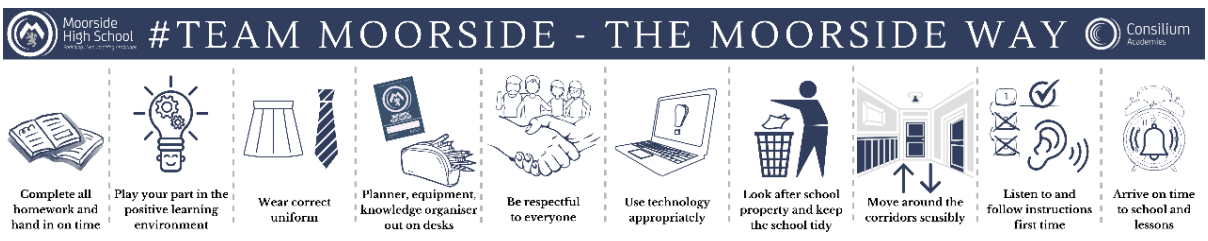

Year 8 students also embraced the opportunity to take part in a Code Scene Investigation, developing their problem-solving, teamwork and analytical skills through a challenging and engaging activity.

Next week, we are looking forward to welcoming our Year 7 parents and carers into school for our Year 7 Parent/Carer Evening. This will provide an opportunity to meet with teachers, discuss how students have settled into secondary school life and celebrate the progress they are making. Alongside this, families will be able to access our Inclusion Marketplace, where information, guidance and support services will be available to help students and their families access the support they may need.

Thank you, as always, for your continued support. Please do not hesitate to contact us at MHSinfo@consilium-at.com if you have any concerns or ideas to continue to move the school forward.

Have a lovely weekend.

Mrs H. Ryles-Dean
Principal

Sporting Success: Teddy Represents England on the World Stage

We are incredibly proud to celebrate the outstanding achievement of Teddy, who recently represented England at the Junior Indoor World Series in South Africa, competing against some of the most talented young cricketers from across the globe.

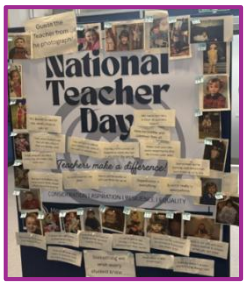

As part of the England squad, Teddy helped the team secure an impressive fourth-place finish, narrowly missing out on a medal position. Throughout the tournament, he played a significant role in the team's success, scoring 150 runs and taking 10 wickets.

The competition also saw the England team make history, becoming the first team at their age group to defeat both New Zealand and South Africa during the event.

This is an exceptional accomplishment and reflects Teddy's talent, dedication, and hard work, both on and off the field. Teddy and his family are delighted with this success to be shared with our school community, and we are equally delighted to recognise and celebrate his achievement.

Congratulations, Teddy, on an incredible experience and a remarkable sporting achievement. We look forward to following your future success.

National Teacher Day

Last week, we celebrated National Teachers' Day, giving students the opportunity to show appreciation for the incredible staff who support them every day.

Students wrote messages of thanks as part of our Thank a Teacher activity and voted in our Staff Appreciation Awards, celebrating staff across a range of categories.

Students also enjoyed matching childhood photographs to members of staff in Guess the Teacher and discovering fun facts through Teacher Trivia.

Thank you to all our students for getting involved and helping to make the celebration so special.

We are incredibly grateful to our staff for their dedication, hard work and the positive difference they make to our school community every day.

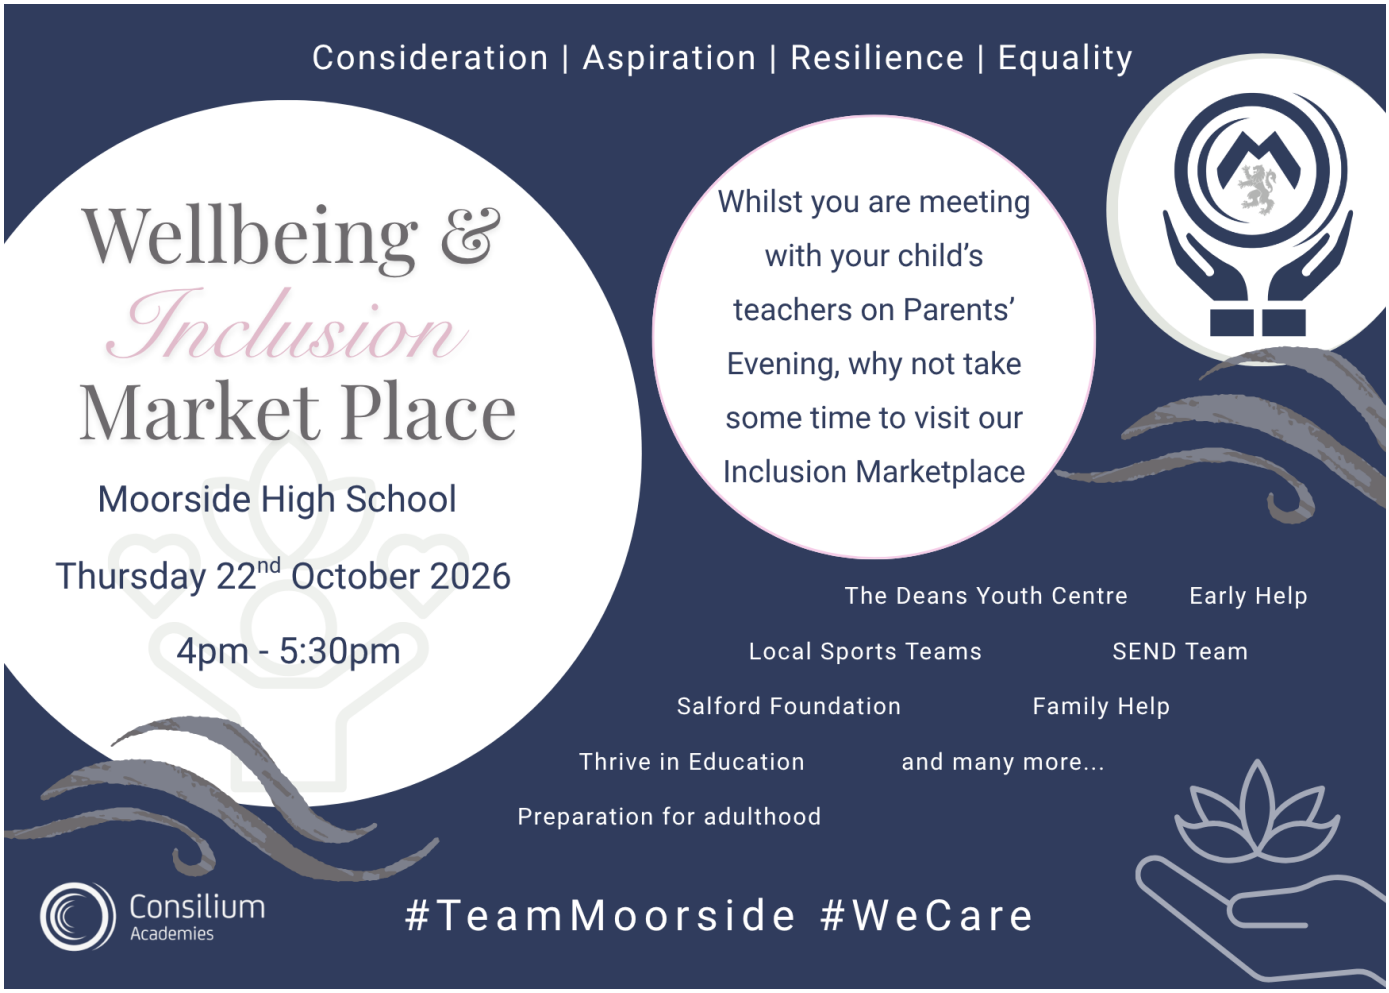

Year 7 Parents/Carers' Evening and Inclusion Market Place

Year 7 Parents/Carers Whilst you are meeting with your child's teachers on Parents' Evening, why not take some time to visit our Inclusion Marketplace?

This is a fantastic opportunity to meet a range of professionals and support services who work closely with schools and families across Salford. Representatives will be available to provide advice, information and guidance on a variety of topics, including SEND support, wellbeing, attendance, mental health, family services and community support.

Whether you have a specific question or simply want to learn more about the services available, we encourage all parents and carers to stop by and explore what is on offer.

We look forward to welcoming you.

National Institute of Teaching

Moorside High School is taking part in research led by the National Institute of Teaching (NIoT) to explore how lesson recording and technology can support early career teachers.

As part of this research, teachers may record themselves teaching at the front of the classroom. Cameras will be pointed at teachers only. Recordings will be stored securely for 30 days and then automatically deleted. Researchers may keep a written version of the recording (called a transcript) for research. Computer tools are used to automatically remove detected names and other identifying details, and trained reviewers check for anything that may have been missed before transcripts are retained for research.

You can read full details about what the research involves and how your child's privacy is protected using these links:

- Information Sheet
- FAQs
- Privacy Notice

If you have any questions, please contact Moorside High School. If you would prefer recordings from your child's class not to be used for research, please email MHSinfo@consilium-at.com with the subject "NIoT Research: Please remove my child's class" and include your child's name. If any child in a class is withdrawn, recordings from that class will not be used for research but may still be used by teachers to support early career teacher development.

Important Attendance Update

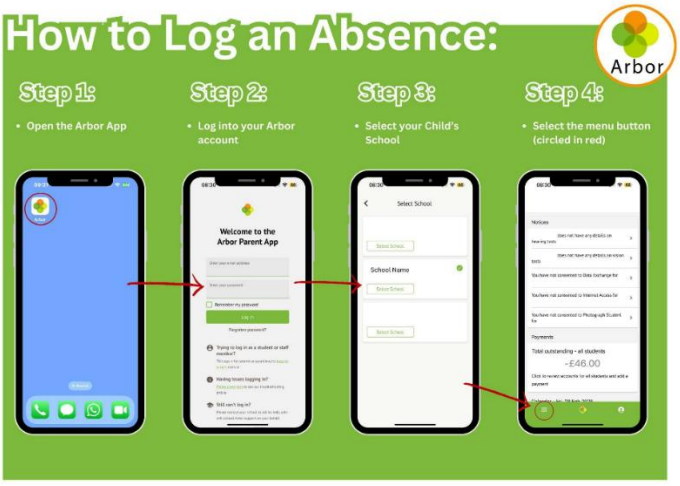

After the half-term break, we will be introducing a new process for reporting student absence.

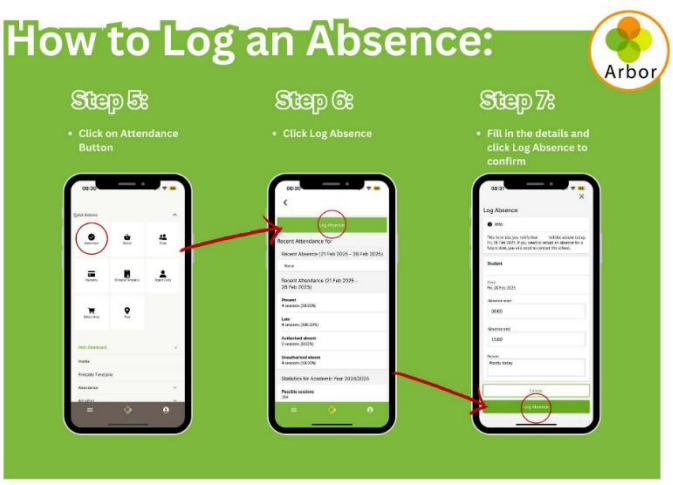

To help us manage attendance and safeguarding more effectively, all absences must be reported through the Arbor Parent App or Parent Portal. From this point, we will no longer be able to accept absence notifications by email or telephone.

We know that mornings can be busy, and using Arbor provides a quick and simple way to let us know if your child is unable to attend school. It also ensures that information reaches the right staff promptly and is recorded accurately.

At Moorside, we are committed to ensuring every student has the best possible opportunity to succeed. Excellent attendance is one of the most important factors in supporting achievement, wellbeing and positive outcomes. Every lesson matters, and we want all students in school every day, on time and ready to learn.

If you have not yet set up Arbor, or need support accessing the app, please contact the school and we will be happy to help. Thank you, as always, for your continued support and partnership in helping your child make the most of every school day.

No More Knives Tour

On Monday 12th October, we welcomed the No More Knives Roadshow to Moorside High School, where students in Years 7, 8, 9 and 10 took part in a series of powerful and engaging sessions focused on the dangers and consequences of knife crime. Delivered by No More Knives, a national programme from The Message Trust, the sessions combined live music, personal testimonies, video content and presentations to inform, equip and empower young people to make positive choices.

Throughout the day, students heard real-life stories and important messages about personal safety, the impact of knife crime on individuals, families and communities, and the importance of making responsible decisions. The interactive format kept students fully engaged while encouraging honest discussion and reflection.

Feedback from both students and staff was overwhelmingly positive. Students commented that the sessions had helped them understand the serious consequences of carrying a knife, the importance of choosing friends wisely, and the actions they can take to keep themselves and others safe. Many shared that they would be more likely to speak to a trusted adult, report concerns, and make safer choices in the future.

Staff praised the balance of education and engagement, with one teacher describing the workshop as a "fantastic" opportunity for students to learn about an important issue in an enjoyable and memorable way. The involvement of local police officers reinforced the seriousness of the message while helping students understand the legal and personal consequences of knife crime.

We would like to thank the team from The Message Trust, the local police representatives and all partners involved for delivering such an impactful programme. Opportunities like this help to educate our young people, strengthen their decision-making skills and reinforce our commitment to keeping our community safe.

At Moorside, we are proud to support initiatives that encourage students to make positive choices, look out for one another and contribute to safer communities for everyone.

We are delighted that our students have also been invited to attend the LIFT Concert on 24 October 2026, hosted by The Message Trust in partnership with local churches. The event will feature live music from some of the artists students met during the roadshow, alongside inspiring stories of hope, faith and positive futures. The concert will take place at Audacious Church, with doors opening at 7:00pm and finishing at 9:00pm. Tickets cost £5 and can be purchased at www.liftevents.org.uk or by scanning the QR code provided in the parent information letter. We encourage families to take advantage of this fantastic opportunity to continue the important conversations started through the No More Knives Roadshow and to celebrate positive choices within our community.

If you require any more details, please contact parents@message.org.uk.

Harvest Appeal

A reminder that our Harvest Appeal is underway! We are collecting non-perishable food items to support families and individuals in our local community who may be experiencing difficult circumstances.

Every donation, no matter how small, can make a real difference to those in need. The appeal also forms part of our House competition, giving students the opportunity to work together to support a fantastic cause while earning valuable House points.

Thank you to all our families for your continued generosity and support. Together, we can help make a positive difference to our local community and show the importance of kindness, compassion and looking out for others.

Careers Fair

It was wonderful to see so many students, parents and carers attend our Careers Fair this week. We were delighted to welcome a wide range of employers, colleges, universities and apprenticeship providers, all eager to share advice, experiences and opportunities with our young people.

Thank you to everyone who joined us and took the time to support their child in exploring the many pathways available after school. Conversations about future aspirations can have a lasting impact, and it was fantastic to see families engaging with providers and discovering the breadth of opportunities on offer.

We also hope that the Post-16 SEND Information Session provided helpful guidance for parents and carers of young people with SEND, offering reassurance and clarity about the support and options available as students plan for their next steps.

Choosing a future pathway can feel daunting, but we hope the evening helped students feel inspired, informed and more confident about the decisions ahead. Thank you once again for your support in making the event such a positive and successful experience for our school community.

Sleep Support for Families

NHS Greater Manchester, alongside Salford Locality, is developing a new sleep support offer for families who are experiencing sleep difficulties linked to neurodevelopmental needs.

To ensure the support provided meets the needs of local families, they are seeking feedback from parents and carers. Your views will help shape future services and identify the types of support that would be most beneficial.

If your child experiences sleep difficulties related to neurodevelopmental needs, we would encourage you to complete the questionnaire and share your experiences.

Thank you for taking the time to contribute to this important piece of work. Your feedback will help inform the development of support for families across Salford and Greater Manchester.

Sleep Questionnaire – Fill out form

Salford Annual SEND Survey

Parents and carers of children with Special Educational Needs and Disabilities (SEND) are invited to take part in the Salford Annual SEND Survey.

SalfordPCF Annual SEND Survey link

The survey provides an important opportunity for families to share their experiences of SEND services, highlight what is working well, identify areas for improvement, and tell local services what matters most to them. The feedback collected will help shape future SEND planning, development and support across Salford, ensuring that the voices of parent carers remain at the heart of decision-making.

We encourage all families of children with SEND to complete the survey and share their views. Your feedback can make a real difference in helping to improve services for children, young people and their families.

World Mental Health Day

This week, we recognised World Mental Health Day, helping to raise awareness of the importance of looking after our mental health and wellbeing. Saluna (previously known as Kooth) visited our school to deliver assemblies to all students, sharing information about mental health and the support available to young people.

We also held a pop-up stall offering a range of mental health activities, mindfulness opportunities and signposting to support services. This gave students the chance to explore different ways to look after their wellbeing and learn where to turn if they need support.

Thank you to everyone who got involved in helping to promote positive mental health across our school community. We are committed to ensuring our students feel supported, know where to access help and understand the importance of looking after themselves and one another.

Student Leadership Team

Today, we held our first full Student Council meeting after school, following the appointment of students through our recent application process. This was a fantastic opportunity for students to meet in their teams, share their initial ideas and begin planning activities, events and awareness campaigns for next half-term. There is lots to look forward to, including our commemorations for Armistice Day, fundraising for Children in Need and supporting our local community through Mission Christmas. We are excited to see our student leaders bring their ideas to life and make a positive difference across our school community.

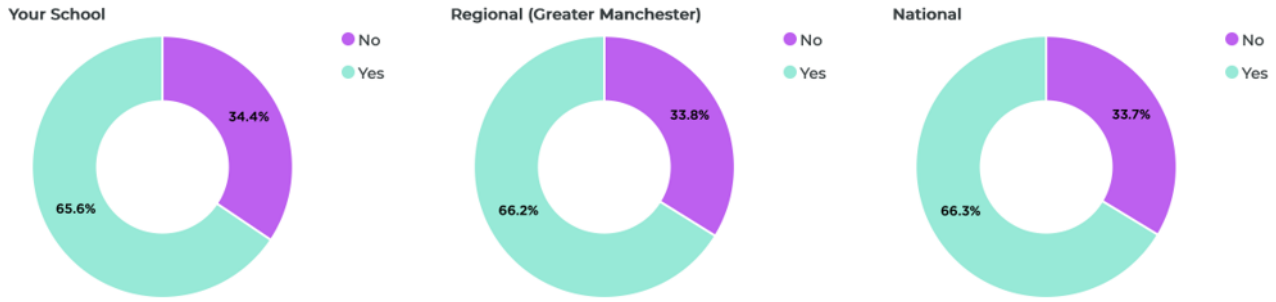

A further thank you goes to our Year 11 Student Leadership Team, who are busy planning activities and a whole-school assembly for next week to celebrate Black History Month. We are incredibly proud of their leadership and look forward to seeing their plans come to life!

Each week, students have the opportunity to share their views and cast their vote on topical issues affecting young people and wider society through our Votes for Schools programme. Here's a look at the questions students have been considering and voting on over the past two weeks.

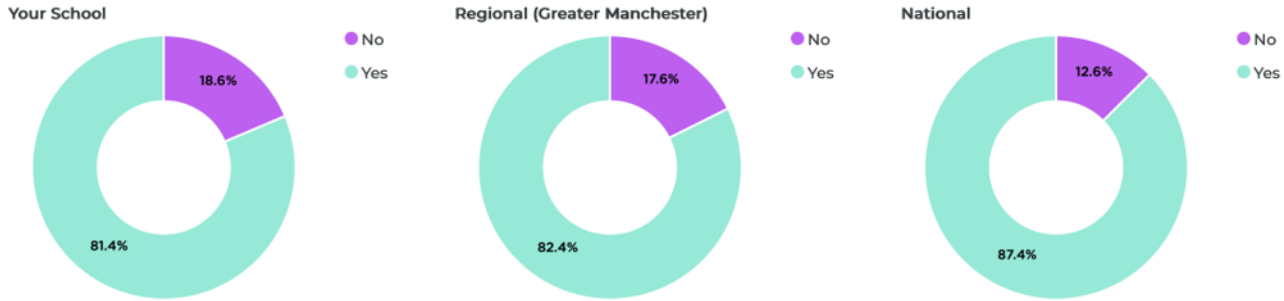

Do stories bring us together?

Last week, students explored the question "Do stories bring us together?" In recognition of Black History Month and the 2026 National Year of Reading, students considered how stories, whether read, watched or listened to, can connect people across different generations, cultures and experiences. They explored how sharing stories rooted in Black culture and experience can help us understand different perspectives, celebrate our identities and recognise what we have in common. Students reflected on the importance of sharing our own stories and listening to those of others before sharing their opinions and casting their votes.

Is it easy to get hold of vapes?

This week, students explored the question "Is it easy to get hold of vapes?" They learned about the disposable vape ban, which came into force on 1 June 2025, and the law prohibiting the sale of vapes to under-18s, including adults buying them on a young person's behalf. Students considered why vapes remain common despite these restrictions, alongside ongoing concerns about their safety and the Government's plans to introduce a tax intended to make vaping products more expensive. They reflected on the pressures young people may face around vaping before sharing their views and casting their votes.

VotesforSchools – Find out more about the weekly programmes and how it gives young people opportunities to discuss current issues and have their say.

Black History Month 2026

This October, we are celebrating Black History Month by exploring the people, stories and communities that have helped shape Britain.

The theme for Black History Month 2026 is "Honouring Our Communities". This year's theme encourages us to recognise not only well-known historical figures, but also the many people whose everyday contributions have strengthened their families, workplaces and communities.

Across school, pupils explored Black British history, culture, achievement and lived experiences through reading, writing, discussions and an assembly.

Our Black History Month assembly paid homage to Harold Moody, Claudia Jones, Paul Stephenson, Francis Barber and Barrington Young, exploring their diverse contributions to British society, from medicine and activism to civil rights, community and the Windrush generation.

Pupils also heard the first-hand account of Barrington Young, the first Black train inspector in the North West, who travelled from Jamaica to England in 1954 and went on to make Manchester his home. His story explores themes of migration, family, culture and belonging.

Together, these stories remind us that Black history is not only about famous figures or major events, but also about the people who live, work, raise families and contribute to the communities around us.

Questions to discuss at home

1. What does 'Honouring Our Communities' mean to you?
2. Why is it important to learn about people whose contributions may not always be widely known?
3. Can you think of someone in your own community whose contribution deserves to be recognised?

Further Reading

Families can find out more about Black History Month 2026 and explore stories of Black British life and achievement:

- BBC Black History Month 2026 - Celebrate Black History Month throughout October with clips, quizzes and stories. Find out more about black history and why Black History Month is important.
- Ways to Celebrate Black History Month - Childline shares ways to celebrate and recognise Black History Month
- Black History Month 2026 in Salford - Explore Black History Month 2026 events in Salford. Find official listings, talks, exhibitions, performances and community celebrations taking place

Black History Month gives us a chance to learn, listen and celebrate but Black history is British history, and these stories are worth exploring throughout the year.

Safeguarding Update:

Responsible Online Behaviour

We would like to take a moment to remind families about the importance of supporting respectful and appropriate use of social media.

Cyberbullying and Malicious Communication

Using social media to send hurtful, threatening, or malicious messages, whether to peers or staff is a serious matter. This type of behaviour is not only unacceptable, but it can also be illegal. Please speak with your child about the importance of respectful online communication and encourage them to use appropriate school channels if they need to report any concerns.

School will respond to group chats, malicious communications and any police involvement around these matters. We will investigate, take appropriate action and work with external agencies where necessary, including the police, to ensure the safety and wellbeing of our students and community.

Such behaviour is unacceptable and will not be tolerated in our school environment.

We strongly encourage you to regularly check your child's devices and social media use. Open conversations about who they're interacting with and how they're using these platforms are key to keeping them safe and respectful online.

Thank you for your continued support in helping us maintain a safe and respectful school environment for everyone.

Support for Kinship Carers – Salford Kinship Peer Support Group

Are you a grandparent, family member or family friend who is caring for a child who cannot live with their parents?

The **Salford Kinship Peer Support Group** offers a welcoming and supportive space for kinship carers to meet others in similar circumstances, share experiences, access advice and build connections.

The group is free to attend, with new members always welcome.

Please see the attached flyer for further information, including meeting location and contact details.

You can also visit www.kinship.org.uk to explore the free advice, resources and support available to kinship families.

Consilium Academies

Year 11 Update

Year 11 have continued to focus on preparing for their upcoming mock examinations, with an emphasis on effective revision and making the most of the support available.

Students attended an assembly on 'The Science of Learning and How to Prepare for Mocks', exploring effective revision strategies and the importance of developing consistent study habits. The assembly encouraged students to think carefully about how they revise and how they can use their time effectively in preparation for their GCSE examinations.

Students have also received their subject revision lists this week, helping them to identify the key topics and knowledge they need to focus on ahead of their mock examinations. Parents and carers can support their children by looking through these lists together and encouraging regular revision at home.

We are pleased to see that GCSEPod engagement continues to grow, with nearly 60% of the Year 11 cohort now active on the platform. GCSEPod provides a valuable opportunity for students to revise independently, and we strongly encourage those who have not yet activated their accounts to do so. Parents and carers can support this by encouraging regular use of GCSEPod at home as part of their child's revision routine.

Targeted intervention and revision support have continued across subjects, providing students with additional opportunities to strengthen their knowledge and build confidence ahead of the examinations.

Looking Ahead

As we approach the final week before half term, Year 11 will continue preparing for their Autumn Mock Examinations, which begin on Monday 2 November. We encourage students to use the half-term break productively, establish a manageable revision routine and use their subject revision lists to guide their preparation.

NAVIGATING HIGHER EDUCATION:
A parent & Carers Series 2026-2027

Greater Manchester Higher

Our range of online talks aim to empower you by providing the knowledge you need to guide your young person when navigating higher education.

- **Wednesday 14 October, 6 – 7pm; Online**

Virtual Employability skills

Build skills and boost your confidence.

ONLINE SESSIONS FOR YEARS 11,12,13

What can you expect from the day?

Programme Agenda

9:30-10:00 | Welcome & Introductions
Meet the Sainsbury's team & get started.
10:00-10:30 | About Sainsbury's - Guest Speaker
Discover Sainsbury's, retail & the industry.
10:30-11:00 | Meet the Team - Guest Speaker
Hear about opportunities & career journeys.
11:00-11:45 | Behaviour in the Workplace

11.45-12:30 | Lunch

12:30-1:15 | Career Pathways - Guest Speaker
Discover apprenticeships, placements & opportunities. Meet Early Careers team.
1:15-2:00 | Interview Preparation
Prepare yourself, STAR, research & standing out.
2:00-2:45 | Digital Awareness & Challenge
Put your skills into practice.
2:45-3:00 | Wrap-Up
Certificate presentation & close.

Employability Skills

Students will gain:

- ✓ Retail industry insight
- ✓ Explore careers at Sainsbury's
- ✓ Build practical employability skills
- ✓ Meet industry professionals
- ✓ Discover apprenticeships & career paths
- ✓ Boost confidence & workplace readiness

Target age group: Years 11,12 & 13
Dates: Choose from three one-day courses over Oct 2026 half term
